OBITUARY.

ADOLPH REIMERS.

The Pacific coast has lost its oldest and best generally informed numismatist in the passing of Adolph Reimers at a sanitarium in San Francisco, May 12, 1920, in his 73rd year. Mr. Reimers was a native of Hamburg, Germany. He came to this country as a young man and located in San Francisco about fifty years ago, where he was associated with the jewelry trade, from which he retired about 1900. He became interested in numismatics early in life, and research within its sphere was his pleasurable pastime up to about a year ago, when he became incapacitated, decline being progressive to the end.

He was No. 316 on the roll of the American Numismatic Association, and a charter member of the Pacific Coast Numismatic Society, meeting with it for the last time at its banquet, June 24, 1919. He had an accurate general knowledge of the coinage of all periods, and was particularly well informed on that of Greece and Rome. He had owned and sold rarities in all series, including many of the private coins of California. Many of his coins, particularly within the United States series, were disposed of in recent years, he reserving as his final collection numerous European war medals and decorations, ancients, siege and necessity pieces, and unusual pieces of various kinds. His numismatic reference books have become the property of the Pacific Coast Numismatic Society. His surviving nearest of kin and heirs are said to be some cousins who live in the vicinity of San Francisco. Numismatists are indebted to Mr. Reimers for explanation of makers' marks appearing on the fractional gold coins privately struck in California, and those seeking information regarding the California coinage of pioneer days found him a willing and helpful aid.

The senior member of the California Jewelry Company, by which Mr. Reimers was employed for more than twenty-five years, writes:

"Being of a rather retiring disposition, he did not mix socially very much with the other employees of the concern, but employed his leisure time and his energy to increase his knowledge of numismatic matters. As an expert he was considered one of the most prominent ones on this whole Coast, and was consulted by authorities from the East, as well as from Europe. In the numismatic directory, which appeared in Europe, his name

Mr. Zerbe also donated to the Society some 1-mark German notes, which were also sold for the benefit of the treasury.

Further business was dispensed with in order for the members to display their exhibits.

Mr. Hill showed a large and interesting selection of Mexican pesos.

Mr. Gill exhibited a fine selection of Mexican gold, also a number of California Clearing-house certificates.

Mr. Haagensen: A collection of U. S. silver in extremely fine condition.

Mr. Mohr: A collection of Swiss coins.

Mr. Thomas: A general collection of early Denmark and Sweden.

Mr. Flieder: A collection of U. S. \$1 and \$3 gold coins.

I. LELAND STEINMAN, Secretary-Treasurer.

ROCHESTER NUMISMATIC ASSOCIATION.

The 188th meeting of the Rochester Numismatic Association was held at the Rochester Municipal Museum, Tuesday evening, April 20, 1920. In the absence of the President, Vice-President W. H. Amberg occupied the chair. Members present were: Messrs. Bauer, Hendrigx, Plumb, Horner, Nientimp, Woolf, Yawger, Borradaile, Darling, Amberg, Sunday, Savage, Gillette, Starr, Dr. French and Putnam.

Minutes of previous meeting read and approved.

Through the courtesy of Ex-President H. H. Yawger, three medals were presented to the Association from Mr. Frank Hein, St. Louis, Mo., and the thanks of the Association were extended to Mr. Hein for his gift.

It was stated (and a newspaper article read by the Secretary) that the package of coins sent by our member, Mr. Merritt, through the postoffice to Philadelphia, which had been stolen, had been recovered and the thief arrested. The members took great interest in this announcement and were exceedingly glad to hear the news, as the amount was quite large and the matter rather a serious one to Mr. Merritt.

No further business appearing before the meeting, the presiding officer announced that Dr. French had kindly prepared a paper which he would read at this meeting. The title of the paper was "The Science of Numismatics or Coinage," and was an exceedingly valuable article and heartily enjoyed by all members present. A vote of thanks was, on motion, of Mr. Gillette, seconded by Mr. Bauer, tendered to Dr. French for his kindness in preparing and reading this paper.

We were very happy to have with us at this meeting, Mr. H. R. Darling, a member who, although he had joined the society two years ago, had been unable to appear previously on account of business cares. He was welcomed and introduced to all, and spent a very enjoyable evening with us.

An auction sale of 105 odd medals followed, auctioned by Mr. George J. Bauer. The prices were rather low, but satisfactory in the main.

No further business appearing, the meeting adjourned.

E. D. PUTNAM, Secretary.

The 189th meeting of the Rochester Numismatic Association was held at the Rochester Municipal Museum, Tuesday evening, May 4, 1920, President J. C. Woodbury in the chair. Members present: Messrs. Horner, Bauer, Handler, Amberg, Gillette, King, Putnam, Woodbury, Hendrigx, Savage, Borradaile, Koeb, Plumb, Yawger and Woolf.

As a preliminary to opening the meeting, our President, Mr. Woodbury, who had been wintering in California, presented the members with a box of cigars that we all might smoke up and enjoy a social evening. Mr. Woodbury was greeted very warmly by members on all sides, and we are exceedingly glad to have him with us again.

Minutes of previous meeting read and approved.

No old business appearing, or reports of committees, under the head of new business Mr. Bauer suggested that as soon as convenient, if agreeable to the members, we have prepared a number of lantern slides of notable coins in the Association's collection and inaugurate a series of lectures for the benefit of the public along numismatic lines. He felt that the time had come when the Association should do its part in the educational work of the community. Discussion from several of the other members along the same line was favorable to the plan, simply a matter of when it should be

carried out and what provisions should be made to accomplish the result. Mr. Hendrigx, on the same line of discussion, stated that the philatelic societies had lantern slides which they loaned to the different local organizations, and asked whether there was a possibility that some of the larger numismatic associations have the same material, thus saving us the work of preparing our own slides. It seemed to be the general opinion, however, that the numismatic societies had no material of this nature, and from the information obtained of our member, Mr. Wolff, who was present and an expert along this line, the opinion seemed to be the cost of having our own would not be excessive. Mr. King then moved, seconded by Mr. Amberg, that a committee on publicity and lectures be appointed by the President. Carried. The President then appointed Messrs. Bauer, Wolff, French and Putnam as such committee.

The Secretary reported that articles on numismatics sufficient for a month or six weeks had been submitted to him, and the publication of a column each week in a city paper would be established within a few weeks, same to be acknowledged as furnished by Rochester Numismatic Association.

No further business, the meeting adjourned.

E. D. PUTNAM, Secretary.

ANTIQUARIAN AND NUMISMATIC SOCIETY OF MONTREAL.

At the monthly meeting of this Society, held at the Chateau de Ramezay on the 16th of March, there were present: Victor Morin, Vice-President, in the chair; P. O. Tremblay, L. A. Renaud, J. C. A. Heriot, R. Allen Phillips, R. W. McLachlan, and several others.

A committee was appointed to supervise the demolition of the old buildings, to make way for a new extension to the Court House, so as to secure anything worth while from an historical point of view for the Chateau de Ramezay.

Mr. L. A. Renaud showed a medal awarded "For bravery in the field" during the great war.

R. W. McLachlan exhibited ten fobs struck for the soldiers during the great war. One of these bears an inscription "Valcartier," which was the first camp at which the soldiers were trained.

Five or six bear different designs of the maple leaf, and one the Cote of Arms, in which are nine quarters, each showing those of one of nine provinces, and one bearing a dreadnaught.

CHICAGO COIN CLUB.

The fifteenth meeting of the Chicago Coin Club was held at the Hotel Sherman, Chicago, Wednesday, May 5. Those present were: Mrs. Boyer, Miss Naerup, Mrs. Ripstra, Messrs. Boyer, Brenner, Brown, Davis, Dunham, Jonas, Josephson, Kelley, Dr. Klinck, Lawless, Leon, Dr. Luttenberger, Rackus, Ripstra, Van der Berghen and Wilson.

The meeting was called to order by the President. The minutes of the previous meeting were read and approved. The report of the Treasurer was read and placed on file.

Dr. J. M. Klinck, of Chicago, was elected to membership.

Mr. Dunham presented a motion to appoint a committee to take up the publication of a regular monthly Bulletin. After a brief discussion the matter was laid on the table until the next meeting.

Mr. Boyer showed a copy of *Mehl's Numismatic Monthly* for June, 1910, which contained an account of a meeting of the Chicago Numismatic Society which was held on May 5, 1910. There were five members present who were present at the meeting which was held exactly ten years ago. This magazine contained an interesting article concerning the origin of the Higley coppers, which had been prepared by Mr. Joseph Mitchelson. This article was read by Mr. Brown.

A general discussion of the program of entertainment for the A. N. A. Convention followed. A tentative program was agreed upon.

The exhibits were as follows:

By Mr. Lawless: A number of very fine large copper cents.

By Mr. Leon: A Federal Reserve note with a \$2 face and a \$1 back, and 20 pesos in gold of Emperor Maximilian of Mexico.

By Mr. Boyer: Check for \$6, signed by Robert Fulton, and twenty \$2½ gold pieces.

By Mr. Davis: Silver coins of England from the reigns of Henry III, Edward I, Edward II, Edward IV, and Edward VI, and a copy of the Higley copper three-cent piece.

By Mr. Brown: Six coins issued by various factions during the Mexican Revolution, some leather money from Austria, a collection of Indian dump money, and a few coins from Java.

By Mr. Jonas: Several Washington coins, including the cents with the double head, the large and small eagle, the grate, the ship, and the Liberty and Security penny.

By Mr. Wilson: Two-kroner commemorative pieces of Norway, dated 1905, and a Mexican dollar, half dollar, and quarter dollar cut in filagree.

By Mr. Josephson: Gold mohur of the East India Co., dated 1841; half mohur of Bengal, and a very beautiful French War Medal.

R. E. DAVIS, Secretary.

Minutes of the preceding meeting were read and approved.

As this was the Annual Meeting of the Section, the Acting Secretary read a report on membership, also a financial statement, which was accepted and placed on file.

Mr. McColgan moved that the present officers be elected for the coming year. Mr. Duffield announced that it would be impossible for him to continue to serve as Secretary for another year, and Dr. Edward Plummer was nominated for that office. The following were then elected: Chairman, Waldo Newcomer; Vice-Chairman, F. G. Duffield; Secretary-Treasurer, Dr. Edward Plummer.

Mr. McColgan, the Curator of Coins of the Academy, invited the members to inspect the new cabinet and the Section's collection of coins which was being installed. All were pleased with both the cabinet and the collection, the greater part of which were donated by Mr. McColgan.

Mr. Wilhelm announced that the Philatelic Section of the Academy was arranging for a public exhibit of stamps in the fall, and hoped the Numismatic Section would take part in it.

Dr. Nicholas moved that the Vice-Chairman be authorized to arrange a program for each future meeting of the Numismatic Section. Carried.

On motion the meeting adjourned.

BOSTON NUMISMATIC SOCIETY.

The Society met with the President, Mr. Wheeler, at the Boston Public Library on Friday, May 14th, at 4.30. Present: Messrs. Shumway, Morse, Tilden, Stafford, Comstock, Gray, Storer and, by invitation, Dr. H. L. Perry.

On motion of Mr. Comstock, Dr. H. L. Perry was elected an active member.

Mr. Wheeler showed a medal in silver by de Moraes Silva Ramos, dated 1849, struck upon the death of Charles Albert of Sardinia; a gold medal of Italy, 1842, upon the marriage of Victor Emanuel; a bronze medal of 1903 of Ben Pitman with bust on obverse, and on reverse, "In Token of the Affectionate Esteem of the Shorthand Writers of America. A Memorial of Fifty Years Well Spent." Mr. Wheeler also showed a recent one-kopeck paper note.

Mr. Morse showed a very skillfully made quarter dollar with two reverses. The milling was particularly well done. He also showed a medal of Raphael, by Cerbara, 1827.

Mr. Gray showed a number of Washington pieces, including both varieties of the Grate Cent, the Voltaire medal in tin (only one copy known to Baker), and a bright red Wright and Bale card.

Mr. Tilden showed a set of 42 essay notes of fractional currency, printed on paper captured from the Confederacy.

Mr. Shumway showed a Bryan piece with 16 TO 1—NIT running up and down at sides.

Dr. Storer showed a Bryan piece 7 7/8 inches in diameter of iron bronzed, with on one side SOUND MONEY and on the other a U. S. eagle displayed; the medal of the San Francisco Vigilantes; the Wells-Fargo medal, and the very rare Bryan slug, 16 TO 1, issued by the Gorham Co.

Mr. Comstock showed a fine denaro of Genoa, C. 1285, and a number of \$1 Canadian store cards and several fine early English shillings.

BELGIAN SOCIETY, FRIENDS OF THE MEDALLION.

In "L'Independence Belge" of March 22, the following article appears, of which I give a free translation:

Les Amis de la Medaille d'Art (Friends of the Medallion).

The first general meeting of the Society Les Amis de la Medaille d'Art was held Sunday at 11 o'clock, presided over by Mr. Victor Tournier, assisted by Messrs. Edouard Lalloire and G. Verhas. After the approval of the minutes of the last meeting the president declared that the Holland-Belgian Society, Friends of the Medallic Art, had ceased to exist, its dissolution having been completed. The separation between Holland and Belgium is therefore an accomplished fact.

There followed a discussion of the new statutes, which were adopted unanimously. In accordance with this ruling, the request of the Germans, recently excluded from the Society, for reinstatement will be the subject of a preliminary investigation, although according to the spirit of the by-laws they can no longer be admitted. As regards the Dutch who belonged to the former Holland-Belgian Society, they will be readmitted without formality if they express their desire.

In conformity with these by-laws the meeting proceeded to the election of its executive committee, which will be composed as follows: Mr. Victor Tournier, president; Major Wiener, vice-president; G. Verhas, secretary; L. Lalloire, treasurer; A. Michaux, Comptroller; G. Devreese, Ch. Camuel, A. Bonnetain, artistic advisers.

Some details were given regarding the medals of the "exercises," 1914-1920 and 1921. Some are completed and others in process of execution or projected. Among the latter are medals to be dedicated to the King and the Queen, to the Resistance, and to the work of the Colonials—a series of representations of victories.

Mr. Tournier delivered a very interesting talk on the medals of the reign of Louis XIV, a work of admirable completeness, prepared from 1686 by the Royal Academy of Inscriptions. This scholar, who has preserved our "Calmet" of Numismatics, discussed these works from the viewpoint of composition, effigy and allegory—from the esthetic and the historic point of view. He spoke especially of the pieces commemorating the principal deeds of the wars of the great king, and spoke in detail of the works inspired by the Belgian campaigns. Mr. Tournier mentioned also several satirical medals struck by the enemies of the King of France, which combine beauty and humor.

In conclusion, there was presented to the assembly an entire series of new works by our artists celebrating recent events.

COPPER-NICKEL COINS FOR SCANDINAVIAN COUNTRIES.

The 22d of March an amendment was left to the Coin Convention recently held between the Scandinavian countries, at which time subsidiary copper-nickel coins were proposed to be struck of the denominations of 10, 25 and 50 ore.—(Free trans. by J. deL.)

PRICE OF WIVES INCREASE 100 PER CENT.

High prices for the necessities of life has at last reached Central Africa, according to Lord Dewar, who has recently returned to London from that region. In giving an account of his travels there he said the increased cost of living in the district he visited was reflected in the higher price for wives paid by the natives. Whereas a fine, 16 hands high wife cost four spearheads in pre-war days, she now costs eight spearheads, Lord Dewar said, and in the cattle districts the price of a wife at present is eight cows instead of four.

MAKE AN EXHIBIT AT THE A. N. A. CHICAGO CONVENTION.

The Committee on Local Arrangements for the Chicago Convention of the A. N. A., T. E. Leon, chairman, 143 N. Dearborn St., Chicago, desires to impress upon members who expect to attend the convention that all exhibits of coins, etc., should be installed in the Art Institute (where the convention will be held) on Saturday, August 21. The committee expects to have one of the best displays of coins that has ever been made in connection with an A. N. A. convention, and hopes all visiting members will reach Chicago in time to install their coins on Saturday, as the following day—Sunday—will give greater opportunity to interest and instruct the general public than the other days of the Convention.

It is possible for members of the A. N. A. to bring together at this convention one of the greatest displays of coins, etc., that has ever been placed on exhibition, and all visitors, as well as the Chicago members, are invited to take part in it. The Association's showcases will accommodate a great number of coins, and there will be room for everybody to show selections. They will be carefully guarded day and night, and will be perfectly safe. But remember, please, to have them installed in time for the public exhibit on Sunday, August 22.

CHICAGO, THE CONVENTION CITY.

Fellow A. N. A. Members:

Chicago, the Master-City of the Middle West, is to entertain the American Numismatic Association at its eighteenth convention, August 23-26. While Chicago is not the largest city in America, its influence is felt in every portion of the globe inhabited by collectors and other folks.

Chicago, be it remembered, was the pioneer in the construction of the lofty steel-frame business buildings now so common and known as "skyscrapers." The Field Museum, one of Chicago's many attractions, has a large and admirable collection.

It is the ambition of every member to visit Chicago. To him who has seen the city once there is a desire to repeat the experience and to view wonders which were missed on the initial pilgrimage. There is a welcome for every member of the A. N. A., as well as every reader of THE NUMISMATIST.

"On to Chicago!" is the slogan. We all hope to meet you all on this our eighteenth occasion.

Yours fraternally,

WALDO C. MOORE,
President A. N. A.

Lewisburg, Ohio, May 20, 1920.

CALL FOR NOMINATION OF OFFICERS.

In accordance with Article IV, Section 2, of our By-Laws, reading as follows:

"ELECTION OF OFFICERS.

"At least sixty days prior to a convention the Chairman of the Board of Governors shall issue a call in the Official Paper for nominations for officers. Nominations for any office may be made by any member or by a branch society. Such nominations shall be sent to the General Secretary, who shall immediately upon receipt of same notify the member so nominated; and those who have not declined shall be considered as having accepted the nominations. A committee of three shall be appointed by the President whose duty it will be to see that nominations for officers shall be made."

I herewith beg to notify all members of the American Numismatic Association that nominations for officers to be elected at the Chicago Convention are now in order; and all such nominations should be forwarded to the General Secretary, Mr. H. H. Yawger, 78 Linden Street, Rochester, N. Y., without delay.

MORITZ WORMISER,
Chairman, Board of Governors.

New York, May 12, 1920.

BILL FOR 7 AND 8 CENT COINS INTRODUCED.

On April 16 Senator Frelinghuysen of New Jersey introduced a bill in the Senate providing for the coinage of 7 and 8 cent pieces to provide convenient coins for street-car fares and sales requiring petty war taxes.

Speaking of the bill, Senator Freylinghusen is quoted as saying: "While a few years ago the nickel was probably the most used coin, today it is rarely circulated alone. It is a continual bother to carry or make change in pennies, particularly for the 7 and 8 cent street-car fares, which are now virtually universal, and my bill proposes the coinage of 7 and 8 cent pieces to obviate these troublesome delays."

MAKE HOTEL RESERVATIONS NOW.

The Committee on Local Arrangements for the Chicago Convention desires to impress upon members of the A. N. A. the necessity for immediately making hotel reservations for the Convention, August 23 to 26 next. Nine other conventions are scheduled to meet in Chicago during that week, and unless our members promptly make arrangements for accommodations, it may be impossible to secure them later, particularly at the Hotel Sherman, corner of Randolph and Clark streets, which has been selected as headquarters for the A. N. A. The rates per day at the Hotel Sherman are as follows:

One Person.	
Room without bath	\$2.50 to \$3.00
Room with private bath	3.50 to 6.00
Two Persons.	
Room without bath	4.00
Room with private bath	5.00 to 10.00
Two Connecting Rooms with Bath.	
Two persons	6.50 to 10.00
Three persons	8.00 to 12.00
Four persons	9.00 to 16.00

REPORT OF COMMITTEE ON OBSOLETE PAPER MONEY.

To the Members of the American Numismatic Association:

On behalf of the committee appointed by the American Numismatic Association at its last convention for the purpose of inquiring into the seizures of paper money by the Secret Service and for the promotion of a better understanding between that Service and the dealers and collectors of paper money, as its chairman, I take pleasure in reporting through THE NUMISMATIST, that, after several conferences, we have made what we consider a very satisfactory arrangement, and one which we are sure will receive the support of all reputable dealers and collectors.

At the present time the criminal practice of raising notes is so flagrant and common that the Secret Service cannot be criticized in their efforts to stop, at the source, the indiscriminate sale of broken bank and Confederate notes which are used for such unlawful purposes.

The Secret Service does not propose to disturb the honest collector in the pursuit of his hobby. Nor does it intend to interfere with the reputable dealer so long as that dealer does not expose his notes for indiscriminate sale to persons unknown to him.

In brief, the arrangement entered into with Mr. W. H. Moran, Chief of the Secret Service, concerning dealers, is that this committee is permitted to place on file with him the names of such dealers as it can vouch for. In return, the Secret Service men operating in the districts where these dealers are located with be instructed not to molest such dealers in the lawful conduct of their business.

Accompanying this report is correspondence between Mr. Moran and this Committee.

Jersey City, N. J., April 24th, 1920.

Mr. W. H. Moran, Chief,

U. S. Secret Service, Washington, D. C.

Dear Sir—Recalling my recent visit to your office as one of a committee from the American Numismatic Association, and the New York Numismatic Club, in behalf of the collectors and dealers in obsolete issues of State bank notes, Confederates notes, and other paper money, my understanding is that if this committee will file with you a list of those dealers whom we consider entirely reliable and can vouch for, you will instruct your various

offices not to molest these dealers in their lawful trafficking in such notes so long as there is no suspicion of wrongdoing.

In accordance with this understanding, such list has been prepared and is herewith submitted.

This list is probably not entirely complete, and we would ask the privilege of adding to it in case we find any names have been omitted.

In the opinion of this committee, this arrangement will place the matter in a very satisfactory shape, and will enable reputable dealers and collectors to pursue their business and pleasure without fear of interference so long as no wrongdoing takes place.

The thanks and gratitude of all those interested in the paper-money branch of numismatics is hereby tendered you, together with the assurance that all reputable numismatists will be glad to aid you, as far as possible, in preserving the purity of our currency.

May I ask you to confirm my understanding, as above, and also the receipt of the enclosed list of names.

Yours truly,

GEORGE H. BLAKE.

TREASURY DEPARTMENT

Office of the Secretary,

April 26, 1920.

George H. Blake, Esq.,

12 Highland Ave.,

Jersey City, New Jersey.

Dear Sir—I have your letter of April 24, referring to the understanding we arrived at regarding the handling of broken bank bills by legitimate collectors and dealers whom the American Numismatic Association request shall not be disturbed in the legitimate transfer of these worthless instruments, and submitting a list of those whom the Association has licensed.

In reply I beg to advise you that the Agents of this Service, in the Districts covered by the addresses you give, will be instructed not to molest the persons named in your list in the handling of the broken bank and Confederate States' currency so long as these instruments are not placed on exhibition for indiscriminate sale.

Respectfully,

(sg) W. H. MORAN, Chief.

NUMISMATIC COLLECTIONS IN LIBRARIES AND UNIVERSITIES.

A line of work that might be engaged in by all the District Secretaries of the A. N. A., with a probable increase of interest in the subject by the public, is suggested in the following letter from Mr. A. H. Yoder of University, N. D., who was recently appointed District Secretary of the A. N. A. for Wisconsin, Minnesota, North Dakota and South Dakota. Mr. Yoder is Director of the Extension Division of the University of North Dakota, and is in touch with other universities in his district and adjoining States.

To the Editor of THE NUMISMATIST:

As you know, I have been made the District Secretary for this group of States. On this account I wish to do something for the improvement of numismatics in my district. While on a trip East, I had an opportunity to visit Minneapolis. I called upon the Curator of the Museum of the Minnesota State Historical Society and had a long talk with him about the numismatic material which they have. I found it not on display, but shut away in a storeroom. It is quite likely it never has been displayed. I also visited the University of Chicago, the University of Michigan, and University of Wisconsin. Wisconsin has a display of bills and coins with which I am quite familiar. The only change there was is the greater emphasis given to the Wisconsin broken-bank bills. I think this was due to a talk I had with Curator Brown last July. In the other three institutions there was material, but no exhibit. Chicago has a good-size trunk filled with coins and envelopes. There is no numismatist interested in the exhibit. A woman in the library is doing this at odd times. She knows a very little about
